    class Base
    class GeneSymbol["src.fr.tagc.rainet.core.data.GeneSymbol.GeneSymbol"]
    GeneSymbol --|> Base
```

A UML class diagram showing an inheritance relationship. A box at the top is labeled 'Base'. A box at the bottom is labeled 'src.fr.tagc.rainet.core.data.GeneSymbol.GeneSymbol'. A vertical arrow points from the bottom box up to the bottom edge of the 'Base' box, indicating that 'src.fr.tagc.rainet.core.data.GeneSymbol.GeneSymbol' inherits from 'Base'.
